

Messy Church Does Science

Take-home ideas

You can find all web links at www.messychurch.org.uk/scienceathome.

3. Air

Go into a big space and blow bubbles together.

Talk about it: I wonder what happens when bubbles pop? I wonder how old the oldest bubble is? I wonder what it feels like to be a bubble? I wonder how much air you can fit in a bubble? I wonder if there are bubbles in heaven?

Thank God for clean air to breathe and lungs to breathe with.

Experiments to do at home

- Hovercraft: www.youtube.com/watch?v=dy-61HV2FRw.
- Unpoppable balloon: www.youtube.com/watch?v=PNXbW22Lat8.

Make a difference in the world

Plant an acorn or conker (or a seed from your part of the world) that will turn into a tree that will be a 'clean air factory' for years to come.
